EXAMINER'S AMENDMENT

Election/Restrictions

Applicant's election of Group II, claims 24-46 in the paper filed on February 20, 2004 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 1-23, 47, and 48 to an invention non-elected without traverse. Accordingly, claims 1-23, 47, and 48 have been canceled.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The primary reason for allowance is that the prior art of record does not disclose or suggest a process for the catalytic

reforming of naphtha in which the naphtha and a recycle gas containing hydrogen are passed through a reactor that contains a monolithic catalyst.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
